

Where will you be on Monday August 21, 2017?

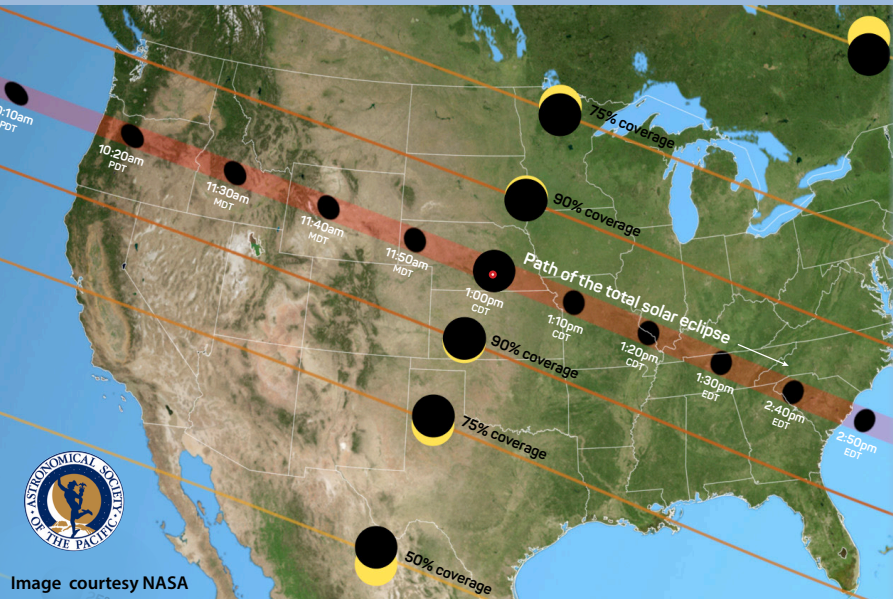

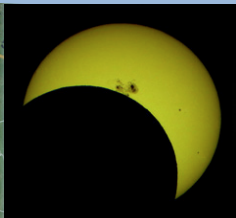

Image courtesy NASA

A partial eclipse will be seen from *all* of North America. See reverse for safe viewing options.

Total eclipse will only be visible in the center line left, plunging viewers into minutes of darkness.

View a Solar Eclipse Safely with this Card

Do not look directly at the Sun! Try these methods instead:

View with filters

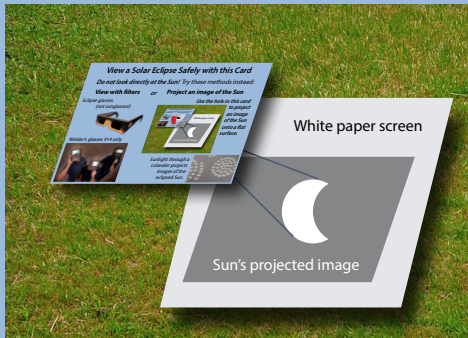

or

Project an image of the Sun

Eclipse glasses
(*not sunglasses!*)

Welder's glasses #14 only

*Use the
hole in
this card
to project
an image
of the Sun
onto a flat
surface.*

Sunlight through a colander
projects images of the Sun.
Make your own pin-pattern!
